

APPRAISER QUALIFICATIONS BOARD

AQB GUIDE NOTE 6 (GN-6)

This Guide Note relates to the verification of experience credit as specified in the *Real Property Appraiser Qualification Criteria* that became effective on January 1, 2008.

Under "Criteria Applicable to All Appraiser Classifications" in the 2008 Criteria, Section V.G. (*Generic Experience Criteria*) reads as follows:

- G. The verification for experience credit claimed by an applicant shall be on forms prescribed by the state certification/licensing agency, which shall include:
 - 1. Type of property;
 - 2. Date of report;
 - 3. Address of appraised property;
 - 4. Description of work performed by the trainee/applicant and scope of the review and supervision of the supervising appraiser;
 - 5. Number of actual work hours by the trainee/applicant on the assignment; and
 - 6. The signature and state certification number of the supervising appraiser if applicable. Separate appraisal logs shall be maintained for each supervising appraiser if applicable.

(Bold added for emphasis)

As indicated above, the Criteria mandates that the forms used to verify experience credit include <u>all</u> of the identified items. Five of the six items listed are fairly self-explanatory; however, the AQB has received inquiries regarding the intent of item #4 above (the bolded text).

It is the intent of the AQB that the verification of experience clearly identifies three things under item #4:

- 1) A description of the work performed by the trainee or applicant;
- 2) The scope of the review performed by the supervising appraiser; and
- 3) The level of supervision performed by the supervising appraiser.

Although the scope of review and level of supervision performed by the supervising appraiser might appear to be redundant at first glance, they are not. For example, in certain assignments a supervising appraiser might determine that a lesser level of supervision is required, but that might not impact the level of review performed.

The AQB recognizes that assignments may differ significantly; therefore the level of review and supervision by the supervising appraiser may also differ from assignment to assignment. Also, depending on the assignments involved, it might be expected that the supervising appraiser's level of review and supervision diminish over time as the trainee/applicant gains competency.

The following page includes an example of an experience log that includes the information required by the Criteria. The attached is merely one possible example of an experience log. Any format that includes the items listed under Section V.G., *Generic Experience Criteria*, as specified in the 2008 *Real Property Appraiser Qualification Criteria* is acceptable.

It should be noted that experience logs or other forms prescribed by a state appraiser regulatory agency to verify experience credit might appear very different, including requiring substantially more information than is identified in the example on the following page. However, as stated above, all forms <u>must</u>, at a minimum, include the items listed under Section V.G., *Generic Experience Criteria*, as specified in the 2008 *Real Property Appraiser Qualification Criteria*.
